

Project Management Essentials

OVERVIEW:

Project Management has proven to be the most effective method of delivering projects within cost, schedule, and resource constraints. This intensive and hands-on course gives you the skills to ensure your projects are completed on time and within budget while giving the user the product they expect.

Attendees will gain a strong working knowledge of the basics of project management and be able to immediately apply that knowledge to effectively manage work projects. At the end of the course attendees will be able to identify and manage product scope, build a work breakdown structure, create a project plan, create the project budget, define and allocate resources, manage the project development, identify and manage risk and understand the project procurement process.

TARGET AUDIENCE:

This programme is designed for:

- Companies seeking to increase the effectiveness of their project management programme, or those seeking to implement one.
- Persons currently in the field of project management and seeking to advance their career or broaden their understanding of project management.
- Persons new to the field of project management

There are no prerequisites for this course

LEARNING OBJECTIVES:

Upon completion of this workshop, participants should be able to:

- Initiate, plan, execute, monitor and control, and close a project;
- Define a project using a Project Charter;
- Identify and manage stakeholders through a Stakeholder Register and Stakeholder Engagement Plan;
- Develop a Project Management Plan to guide the execution, monitoring and controlling, and closing of a project;
- Use various Project Management tools and techniques
- Discuss leadership challenges of managing projects and various solutions.
- Understand the fundamentals of Project Management (PM) through an in-depth examination of the ten Knowledge Areas as set out in the Project Management Body of Knowledge.
- Examine the characteristics, techniques, and challenges associated with each of the five Process Groups: initiating, planning, executing, controlling and closeout of projects.

WORKSHOP SCHEDULE AND DELIVERY:

The workshop will be delivered virtually via Zoom Cloud Meetings from **5:30 to 7:30 PM** on **August 8, 10, 15, 17, 22 & 24, 2023**.

The workshop is designed to be highly interactive with comprehensive workshop materials inclusive of video presentations, worked examples, breakout sessions, etc.

Several project management tools and templates will also be provided which attendees can begin to use on the job immediately to improve performance.

Attendees will be awarded a certificate of participation upon completion of the programme.

WORKSHOP FEE:

The workshop fee is **TT\$2,780**.

However, we offer a discounted rate of **\$2,580** if registration is conducted before **June 30, 2023**.

Group discount rates will also be provided to groups of three or more attendees.
